

Poster Presentation at the SL Conference

A+	The performance at the conference exceeds rubric expectations
A	The participant is fully prepared for the conference. The participant is welcoming and actively seeks an audience. The participant can clearly & confidently describe their research findings, in English, with the help of the poster. They are able to answer questions from the audience.
A-	Some, but not all, Elements of A & some of B
B	The participant is reasonably prepared for the conference, though not as fully as a Grade A The participant is welcoming, yet may not seek an audience as actively as they could. They can clearly describe their research findings, in English, with the help of the poster. Participants are able to answer most questions from the audience.
B-	Some, but not all, Elements of B & some of C
C	The participant is adequately prepared for the conference. Participants can adequately describe their research findings, in English, with the help of the poster. Participants are able to answer some questions from the audience.
C-	Some, but not all, Elements of C & some of D
D	The participant is unprepared for the conference. Participants appear unwelcoming to the audience. Participants cannot adequately describe their research findings, in English, with the help of the poster. Participants are unable to answer most questions from the audience.
E	The participant attended but with minimal contribution or was disruptive.
F	The participant did not attend the SL conference.
