

Quality of Work

A+	Contribution and work produced is beyond the expectations of the course.
A	<p>The participant is fully contributing to the success of the project.</p> <p>The participant fully challenges themselves to produce work of a personally high standard.</p> <p>The participant is fully committed to learning from feedback, personal reflection & observation to continually improve the standard of their work.</p>
A-	Some, but not all, criteria for A and some of B
B	<p>The participant is mostly committed to the success of the project. There may be some occasional instances of distraction or lack of effort.</p> <p>The participant mostly challenges themselves to produce work of a personally high standard.</p> <p>The participant is mostly committed to learning from feedback, personal reflection & observation to improve the standard of their work. Occasional errors in work and practice may remain evident.</p>
B-	Some, but not all, criteria for B and some of C
C	<p>The participant is somewhat committed to the success of the project, but lacks consistent effort towards the project.</p> <p>The participant somewhat challenges themselves to produce work of a personally high standard, but this is not sustained/always evident.</p> <p>The participant is somewhat committed to learning from feedback, personal reflection & observation to improve the standard of their work. Sometimes work remains unchanged or errors recur.</p> <p>MR or Sports Exemption, but no further effort to display quality of work</p>
C-	Some, but not all, criteria for C and some of D
D	<p>The participant is barely committed to the success of the project and displays a lack of effort towards the project at most times.</p> <p>The participant barely challenges themselves to produce work of a personally high standard.</p> <p>The participant is barely committed to learning from feedback, personal reflection & observation to improve the standard of their work on the project. Work usually remains unchanged and with consistent recurrence of errors.</p>
E	Very little evidence of work completed, commitment to the project, challenging of oneself or learning from feedback and personal observation.
F	No work.
